HELP FOR THE UNEMPLOYED.

### HELP FOR THE UNEMPLOYED. Dr. Coit Has Plans Which He Wants

Discussed. Dr. Stanton Colt, of the University Set tlement Society, has sent letters to about twenty of the representative labor leaders of the city asking them to meet at the rooms of the Society, 25 Delancey street, to-night, to discuss plans for securing work for the unemployed work men of the city.

Dr. Coit's plans are : First, the establishment of Official Labor Intelligence Bureaus. Second, that no one engaged in any kind of public employment by the city shall be dismissed, but that every department shall increase its staff of work-

partment shall increase its staff of workers to the fullest degree of usefulness. Third, if the Official Intelligence Bureau discloses a number of unemployed greater than the city departments would require, that new public work be begun. Dr. Coit thinks his plans may be carried out by a petition of the people to the Legislature.

If his plans meet with the approval of the representative labor leaders, Dr. Coit thinks a petition with the names of 300,000 men, women and children can be sent to Albany.
